

Coe Elementary School

coepta.org

January 2021

Dear Prospective Coe Family,

We are delighted that the journey to select the school best suited for your child(ren) has led you to consider Coe Elementary. This can be a time mixed with many emotions, and, given the current pandemic, it is understandable that you have additional questions and worries.

At Coe, we have an outstanding team of highly-qualified and dedicated educators, students, families, supportive community, whose work contributes to making Coe a successful school and creating a positive learning environment for students. This remains true even as we all navigate remote learning and the challenges it brings.

Today, Coe's PTA helps parents, teachers, and school administrators continue to enhance the education and experience of each student at our school. We accomplish this by funding enrichment and classroom support programs, organizing community events, and supporting clear communication between parents and the school. Our PTA is an important part of the wonderful sense of belonging we enjoy here at Coe, and we invite you to learn more about us at [coepta.org](http://coepta.org).

Whether you choose to volunteer at community building events, help fundraise, or become involved in PTA leadership, your participation is welcomed and encouraged. Afterall, our PTA is only as strong as our volunteers.

We look forward to knowing you and welcoming you to the Coe community.

Sincerely,

A grey rectangular box containing a handwritten signature in black ink that reads "Nicole Tromble".

Nicole Tromble, President
